ALTERATION CONSULTATION

As a stylist, in my opinion, alterations when done correctly are similar to a magic wand. The un-wearable outfit becomes wearable, fits perfectly, feels fabulous and gets you compliments every time you wear it!

APPOINTMENT OPTIONS:

“The Howard Hughes”- Don't lift a thing, let us come to you! Half of my clients used to dread alterations just due to the lugging around of heavy garment bags. Eliminate that altogether and have all of your alterations done in the privacy of your own home.

“The Bungalow”- Overwhelmed by the thought of us seeing your closet...come see us instead. Leave the everyday distractions of life behind and enjoy the carefree quaintness of Lockstitch Style. Enjoy a cocktail or two while your garments are fine-tuned to perfection.

“The Bustle”- Always on the go, never at home and no time for cocktails, let's meet in the middle. Lockstitch Style will meet you at your favorite seamstress/tailor and this includes any of the upscale retailers where your alterations' might be free.

It's not always necessary to buy something new, sometimes what you're looking for, is right in your closet!
